3. Vail Village Parking Structure Mural Design Discussion, Jason Graves - artist

Jason presents his latest concepts for the Vail Village parking structure which is scheduled to begin June 15th. The Board compliments the proposals and how the artists have altered the flowers having them more organic. They also like the geometric background complimenting the patterning from the interior mural. The Board likes his color palette and how he is tying the colors together within the composition. The Board moves to proceed with the mural designs as presented.

4. Summer 2020 installation - Ladies Fancywork Society

The artists are on schedule to install their crochet installation June 13 – 14 at the Vail Public Library. Given the timing, there will not be a “meet the artists” nor any receptions at present. The Vail Daily and Vail Beaver Creek Magazine have both included press on the summer installations. We are working to have a strong social media presence for AIPP summer installations and programs.
