Oh please do not lift the mask mandate. Just when spread of the variants is on the rise! And visitors come from other States that do not wear masks, will be bringing and spreading their covid germs.

I am just feeling comfortable eating outside because I feel comfortable that restaurants in Vail are taking great precautions, but if I feel otherwise, I will go back to staying at home!

The best way to get more business, is to make sure everyone feels comfortable and safe.

I got my JAnd J vaccine a month ago, but still do not want to be near others. The mountain has been a bit of a shit show especially apres ski. I ski early and come home for lunch to avoid the crowds.
