Subject: double parking fees booth trailhead

Dear all,

As a resident on Booth Falls Road I have had my share of dealings with individuals violating parking on our street and in our condo parking lots. I am very curious to see how the closure of the trailhead parking lot this summer will impact the traffic in the area.

Nonetheless I am opposed to doubling the parking fees for violations around the area. Most often the violations are due to individuals "not knowing better" – and most are tourists from out of the area. These kind of fines, I believe are more onerous than effective leaving our guests with a bad

taste. To mark the signs as “FINES DOUBLED” reflects an unfriendliness and reflects a punishing attitude by the town. I understand fines doubled in work zones where traffic is flowing and lives are at risk, but on our street?!?!? Closing the trailhead parking is going to be disruptive enough, having clear signs of where folks can park and how to access the trailhead is reasonable. But do we really need to tell guests we are going to be nasty if they park somewhere which is not allowed.

Thanks for your consideration.

Subject: Implement Increased Parking Penalties Around Booth Creek Trailhead

Mayor Chapin and Council Members,

Thanks for the consideration of increasing the penalties. I hear that many are not issued a ticket and only a warning. That will not change behaviors.

We know the impact of significant increased traffic on the Booth Creek Trail and I applaud your efforts to help preserve our environment.

Thanks,
Barbara Keller
