For sure yes
We are in the same page and working to get you the 'Pre-package' with notes
Becky

Good Morning Becky

One thing we would like to avoid is the determination that it has to go back to DRB being made with the BP submittal. This upsets the apple cart and stalls review.

Could elevations be provided in advance so that determination can be made?

Thanks and have a good weekend.

Hi Becky

The easiest approach will be one building permit with one address. The address will be 3700 North Frontage Road EAST.

Assign alpha-numeric (or vice versa) addresses based on buildings and units within (similar to Mountain Meadows Condos in East Vail)

If this is not the acceptable for any reason please let me know.

Thanks

Jonathan – the address for this site is below. I assume we need to somehow apply for new addresses for each structure and thinking this will need to be done prior to permit submittal.... Do you know who we contact to obtain an address for each building (or at least this first one)?
Sorry for all the questions. We tried to find it ourselves and are not seeing the process...
Becky

The address is:
3700 North Frontage Road W
Vail, CO 81657
