Subject: E-Vail Courier Program/ Business Owner Access

TWIC,

Can we please continue to have business owner access from 8-10:30am? I do the majority of my deliveries between 8-9:30 because the shop and Wall Street are less busy. I also don't have staff working before 8 in the morning to help me with loading and unloading. This new restriction creates unnecessary payroll and logistical problems for the business. No one is more efficient and expedient at loading and unloading than a business owner (we don't get paid hourly).

It seems like small businesses are being looped in with refrigeration trucks. A subaru or a suburban has a minimal impact on guests. The current business owner's access times have worked great for ASE, our staff, and guests. Over the last 35 years, we have yet to hear a complaint from any of our guests about private vehicles in the street.

Your service and time is greatly appreciated.

Sincerely,
Jackson and Tom Higgins
